WHY FUNDLE?

According to a 2023 Civic Engagement Report, 72% of young adults (ages 18–30) want to get involved in community work but don't know where to start.

In the Philippines, over **53,000 registered NGOs** and organizations exist, but only **a small fraction have platforms to reach digital audiences effectively**.

Meanwhile, **digital donations grew by 35%** in Southeast Asia between 2020–2022, showing that people want to give—if they're sure their money is going to the right place.
